

*Simply Beautiful . . .  
Cobalt Opalescent Coin Dot*

The Coin Dot design has been popular with Fenton collectors for more than half a century. We offer it here for the first time in Cobalt Opalescent for a clean classic look.

*Fenton designer Frances Burton puts the final touches on her new "Sunflowers" pattern. Each shade is handpainted by a talented Fenton artist who proudly signs each completed piece.*

## *Limited Edition Mulberry Handpainted Lamp*

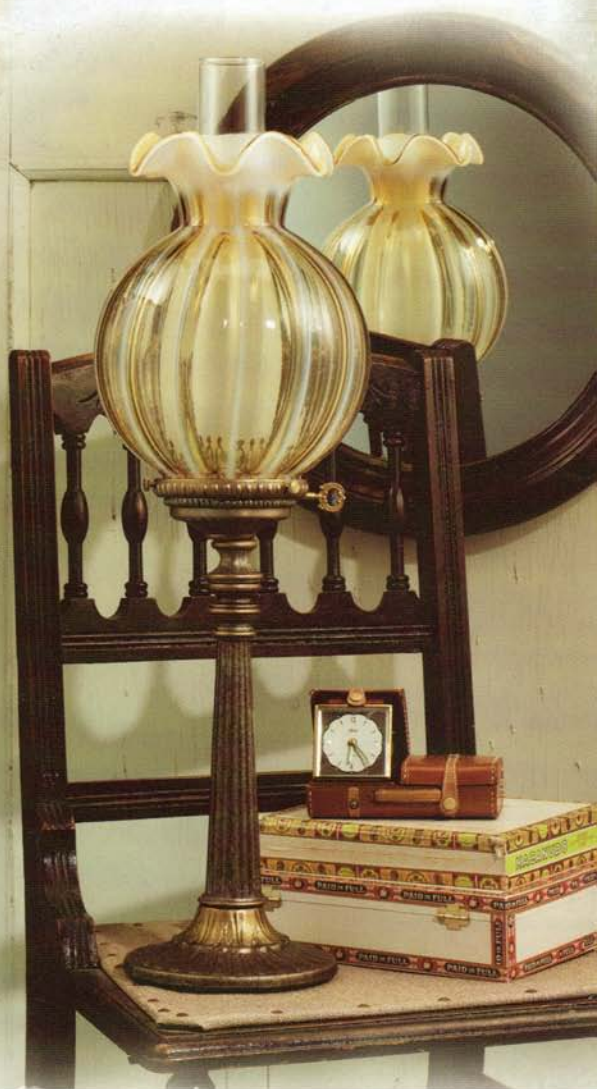

Mulberry was created in the early 1940's by covering a small amount of ruby with azure blue. The result is a stunning color that shades from reddish purple to blue. It is made even more special with this "Floral Arches" design by Stacy Williams with accents of 22k gold.  
(Limited to 950 pieces)

## *Sleek, Sophisticated "Autumn Gold Opalescent"*

A handsome lamp in Autumn Gold Opalescent featuring a wide rib optic. Handblown by the skilled glass craftsmen at Fenton.

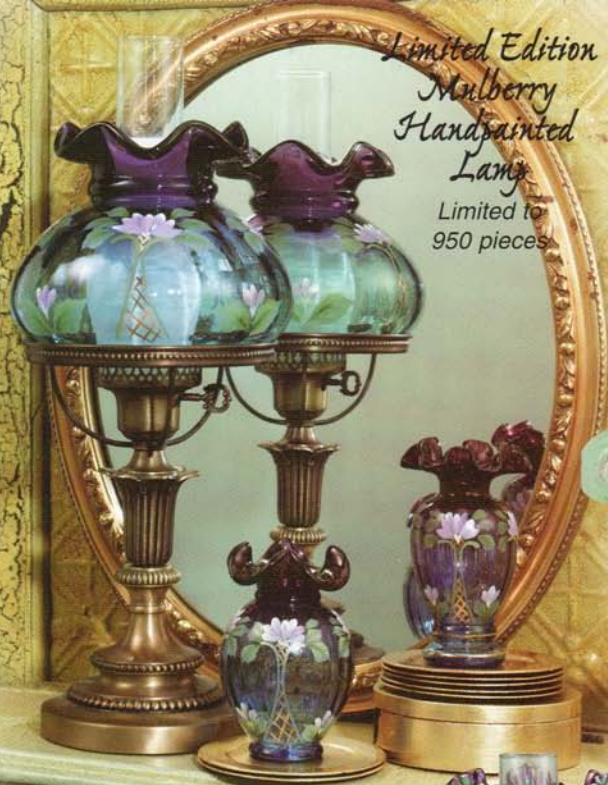

A skilled glass artist blows the molten glass into a forming mould for a special hand-made Fenton lamp. The piece is then reheated and the signature Fenton crimp is applied.
