In an age of mass production, Fenton Art Glass remains unique, reflecting the charm and graciousness of another age. Each piece begins as a fiery gob of molten glass and is created with pride by master craftsmen using techniques and tools that are centuries old.

Blowing Glass

Molten Glass
rolled in soapy water

Molten Glass
in the furnace

Cranberry

Made with pure gold formula the way it was done 100 years ago, and fire struck, the rich cranberry hue is heightened when encased in a layer of sparkling crystal.

The Hand Decorator
Using an oil based paint containing finely ground glass (frit), the artist skillfully handpaints the design on the glass and signs each piece. The pieces are then fired, causing the frit to sink into the glass and the decoration to become permanent.
