

Spring 2000

Showcase Dealer Exclusive

After much success in re-creating Frederick Shirley's Burmese and Blue Burmese formulas, Fenton decided to go a step further and develop a completely new Burmese formula . . . Lotus Mist Burmese. This soft green color edged in deep pink, mimics the lovely Asian lotus flower.

Exclusive to Showcase Dealers, this limited edition cruet is handpainted with a Berry and Butterfly pattern designed by Martha Reynolds.

Each will be inscribed with the signature of George Fenton, President.
