Frosty Friends

These mischievous characters are dressed for holiday fun. The plump penguin waddles down the road carrying his Christmas tree home for decorating. Mr. and Mrs. Snowman blend perfectly with our "Jolly Snowman" design on Cobalt (pg. 51) for a beautiful winter display. These moulds were designed by Jon Saffell and feature the creative designs of Martha Reynolds.

Limited Edition Santas

Three delightful new designs celebrating the spirit of Christmas throughout the world. Our Americana Santa is truly all American with his red and white stripes and star spangled blue bag. A warm patchwork design of velvet squares, laced together with 22k gold ice stitches, protects our Quilted Santa from snow and wind as he cheerfully wings from house to house. Scrollwork applied to clothing in Eastern Europe inspired the popular folk art design used for our Tyrolean Santa. Each Santa is numbered and signed by a Fenton artist and limited to sales through 11/15/00.

Woodland Frost

French Opalescent glass, iridized and satin finished, allows the forest of evergreens to project against a frosty background of sparkling snow. This interplay of color and texture is a Fenton hallmark. Also notice the tiny red cardinal - West Virginia's state bird - as it searches for shelter from the blustery weather. A popular pattern designed by Robin Spindler, it features several new pieces including a bell, a penguin, a santa, and a rose bowl, as well as Mr. and Mrs. Snowman.

The American Christmas Tree

The focal point of holiday decorating! These handcrafted trees are sprinkled with crushed glass - or ice - and accented with a 22k gold plated cat snuggled on a branch. A lighted base is available to generate a glistening effect to the large size tree.
