

Spring 2001 Showcase Dealer Exclusive

Purple Passion Flower on Blue Burmese

Powder blue and precious gold in the formula combine to make Blue Burmese a priceless work of art. This soft color was first made in the 1800's by the

Mt. Washington Glass Company. Called Mt. Washington

Peachblow at that time, this historic formula requires pure gold to create its lovely rose shading.

Exclusive to Showcase Dealers, this limited edition vase is handpainted with a bed of purple passion flowers which is accented with a twistful hummingbird and banded. Designed by Robin Spindler.

Each will be inscribed with the signature of Frank M.

Fenton, Company Historian and past Chairman of the Board and President.
