In celebration of the spiritual meaning of Christmas, The Fenton Art Glass Company has created a classic nativity scene decorated in soft Florentine\* finish. Each character is meticulously handpainted by the artist who also employs a unique process to soften and blend the painted scene. Only when the high standards of the artist's trained eye are met is the piece signed and refired to insure permanence of the painted colors. These truly unique pieces are designed to make a distinctive addition to your customer's home or glass collection.

\*Available in Florentine Brown (FL) and Florentine Blue (FT).
