## Cranberry Hearts

Our Cranberry love affair continues with this traditional hat basket. The opalescent hearts must be created at just the precise moment in the production process. Fill this basket with sweet chocolate kisses for a perfect presentation on Valentine's Day or any special occasion.

## Mary Gregory

The innocence of childhood is captured forever in four new compositions by Stacy Williams. The Mary Gregory style of design—with its unique shading and raised opaque detail—presents one of the most challenging handpainting techniques for the Fenton artist. Mary Gregory on classic Cranberry has been one of our top categories for many years. Numbered and strictly limited.

## Red Delicious

An apple pie cools on the windowsill as hens scratch about the yard and mother shells peas on the kitchen stoop ... reminiscent of a 1950s tablecloth, Kim Barley's "Red Delicious" pattern recalls the cheerful simplicity of rural America. America's favorite country roosters are handsome accent pieces for any kitchen decor.

## Spring Finery

A sparkling Swarovski gem accent highlights Frances Burton's cheerful design of spring daisies on a rabbit egg cup, covered bunny and nesting hen box. Sprinkle faux green grass around the handpainted quilted eggs in robin's egg blue to create a spontaneous Easter egg hunt!
