FRENCH OPALESCENT SLEEPING KITTEN

The 2004 *Glass Messenger* Subscriber Exclusive Sleeping Kitten is made in classic French Opalescent glass. Special ingredients in the batch allow this piece to achieve its mysterious opalescence during the reheating process.

Sculpted by Jon Saffell for 2004, this piece is handpainted with a beautiful Indiana Pansies design created by Kim Barley. Each kitten is individually numbered and inscribed with the signature of Lynn Fenton.
