Komen for the Cure

Longtime Fenton artist Cathryn Mackey has also worked as a doll sculptor and in many other art media. When first introduced to our cameo art glass, she was both challenged and inspired by the process of bringing the glass to life step by step.

We are pleased to present "Remembrance & Hope." The cameo carvers at Fenton produce spectacular art, and this vase in cameo carved Rosalene glass is no exception. Inspired by a loving aunt's battle with cancer, Cathryn designed and created this beautiful vase in her honor. As symbols of life, the flowers combine perfectly with the famous Susan G. Komen pink ribbon, a symbol of hope.
