Christmas Star Nativity

Three new first edition pieces - a Gloria Angel, shepherd and lamb - join the holy family to celebrate the birth of Baby Jesus. Kim Plauché's design of elegant iced stars gives each piece a touch of sparkling glitter. The second edition holy family pieces feature altered stars to distinguish them from the first edition pieces of 2001.

The brilliance of Crystal shines brightly when displayed under a spotlight or candle light. A golden star backdrop is also available separately to set the tone for this magical moment.
