Mulberry

Gold Ruby (made with pure gold), encased in a layer of azure blue and skillfully mouthblown. No two pieces exactly alike, but each with its own beauty and character. Only Fenton makes glass like this.

Salem Blue

A big hit in 1990 . . . enhanced by these little lovelies for 1991. So compatible with all decorator colors . . . this gentle color fits today's homes for that "touch of blue."

Red Carnival

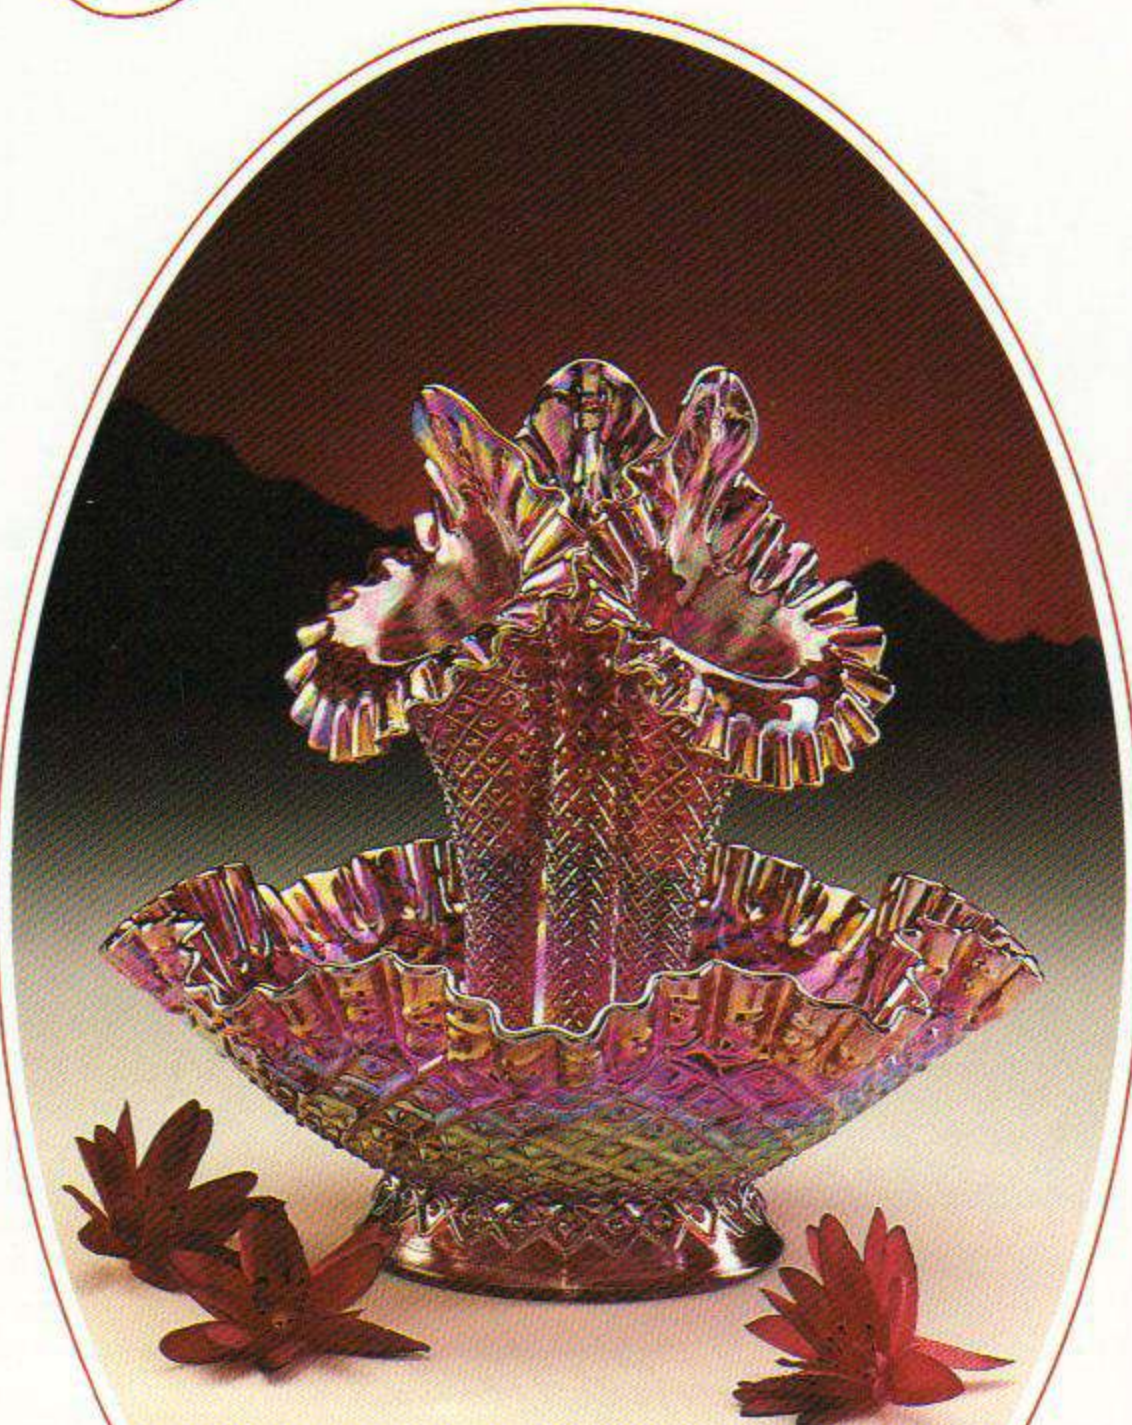

Red Carnival for 1991

One of the most sought after of antique carnival glass colors that commands the highest prices on the collector's market. Created in Fenton's inimitable style to bring joy to the Red Carnival Glass collector.

Fenton Red Carnival is made with Ruby glass and iridized with a special metallic salt formula. Occasionally there will be unusual colorations because of the way the ruby strikes and some pieces will have an amberina effect. These variations will be searched out by the collector as being the most rare of the collection.

Iridescent glass, the original name for Carnival glass, was one of The Fenton Art Glass Company's major products from 1907 until 1920.

An investment in
"the antiques of tomorrow."
