*Angelo Rossi*

Angelo Rossi's one-of-a-kind glass art creations are sometimes whimsical, sometimes classic, often masterpieces... but always emphatic expressions of his intense passion for glass.

“When I finish the piece of art,” Angelo says, “I feel I have started a new conversation with someone.”

Born in Burano, Venice, in 1946, Angelo learned his extensive glass art skills from the Italian masters. Later, in Canada, he operated for many years from his own studio near Niagara Falls. These current works have been created in the United States at the Fenton Art Glass Company in Williamstown, West Virginia. Fenton is world-renowned for its excellence and versatility in colored glasses.
