## Catalog Exclusives

B

These two coordinating pieces in our new Sky Blue color are offered exclusively through this catalog. This new hue exhibits a wonderful translucent quality, and the striations developed during the special manufacturing process assure that no two pieces will be exactly alike! Robin Spindler created the graceful handpainted butterfly motif for the Rose Bowl and Duckling figurine, and her use of metallic gold paint adds both depth and feeling to the design. The Duckling is one of our newest moulds from sculptor Suzi Whitaker. Each piece is numbered and inscribed with the signature of a Fenton family member.
