The Hand Decorator
Using an oil based paint containing finely ground glass (frit), the artist skillfully hand-paints the design on the glass and signs each piece. The pieces are then fired, causing the frit to sink into the glass and the decoration to become permanent.

Family Signature Series

A Family tradition begun in 1905 lives on. Frank Leslie Fenton founded Fenton Art Glass in 1905 as a decorating company. He began producing handmade glass in Williamstown, West Virginia in 1907. An artistic and creative man, F.L. Fenton strove to develop new and unusual colors and treatments to keep Fenton in the forefront of the handmade glass industry.

F.L. Fenton's enthusiasm and pride have been carried down through the second, third and fourth generations of the Fenton Family. The Family Signature Series is comprised of a few select pieces that represent the glass worker's and glass decorator's finest work. Numbered and dated 1994, the pieces at right will be inscribed for a limited time with the signature of F.L.'s two sons, Frank M. and Bill.
