Dear Fenton USA Customer.

What is it these days that makes you truly "feel good" about a purchase you make as a gift, or just simply as a treat for yourself? For most of us it's pretty simple...we want to buy something that is beautiful, high quality and worth the hard-earned dollars you're committing to the purchase. We know you are watching your dollars, but just because we are all watching closely where our money is going it doesn't mean birthdays, special occasions and buying things we enjoy must totally stop.

Fenton Art Glass is known for all the things we are looking for in a great gift or accent item for the home. Painstaking design details, meticulous attention to quality throughout the handcrafting process and colors that are unmatched by any other glass company in the world are elements of every single piece of Fenton USA. You can "feel good" about your Fenton purchases because you are supporting a 104-year-old American company. Each and every piece of Fenton USA is made in Williamstown, West Virginia and shipped to your local dealer.

Enclosed is a color illustration of our latest new product introduction, Summer 2009. This collection highlights refreshing new colors, exclusive designs and very reasonable prices. Please take a look at the collection and contact your local dealer for more details. We will let the pictures do the talking.

Thanks for your support of Fenton USA and our century-old family business.
