## ... in MILK GLASS and FENTON COLORS

Hobnail is a simple, unobtrusive pattern, with a lasting quality that matches the quality of its Fenton workmanship. Each piece has lines of raised, slightly conical dots, just like the hobnails early Americans, and perhaps some latter day ones, wore on their shoes. The Hobnail pattern is available in a wide variety of designs, shapes and sizes.

### HOBNAIL in FENTON COLORS

You might say that Fenton Milk Glass and Colors are as American as apple pie or the 4th of July. And their appeal is almost as wide as those two notable institutions.

All of this "rightness" is characterized in the Hobnail Pattern.

# ...HANDMADE for BEAUTY...

The art of the Fenton craftsmen is beautifully displayed in these five new Fenton overlay colors. The Milk Glass inner lining mirrors the outside layer of glass in creating the colors of Wild Rose, Coral, Powder Blue, Honey Amber and Apple Green.

... there is something personal about the beauty of Fenton glass. That something is the craftsman's touch, the inimitable handmade quality. Fenton's pride is in the practiced hands of our craftsmen, hands that are familiar with the ancient secrets of glassmaking. Because it is made completely by hand, every piece of Fenton glass has its own distinctive personality. Maybe it's because glassmaking, like all skilled hand crafts, is such a personal thing between the craftsman, his tools and the article he makes.

## PETTICOAT GLASS in SILVER CREST

The fine crystal edging on each piece of Silver Crest makes us think of it as "the glass with the delicate air." But its looks belie its sturdiness. Silver Crest is ever popular Milk Glass with the addition of a crystal fluting. And we mean addition, because each crystal edging is applied after the basic form of the piece has been blown or shaped. It's the job of Fenton's most skilled craftsman to apply the clear molten glass evenly, using only his sure hand and eye. The result is a distinctive line, combining the simplicity of Milk Glass with the glamor of crystal, a partnership that promises as much popularity in the future as it has shown in the past.

## CRANBERRY RED CASED GLASS

Real coin gold is the magic that makes Cranberry our most luxurious glass. From a carefully measured handful of coin gold thrown in the molten glass at just the right moment, comes the clean, singing ruby color. Here, coin shaped, it sparkles through the white and overflows in the graceful flutings of vase and bowl edgings.

# IMPORTANT INSTRUCTIONS

(Please read before placing your orders)

This catalog will help you sell more Fenton glass. Please use it to place your orders between calls by the Fenton salesman. We hope that you will let this be the salesman's assistant and that this catalog will serve you well.

Each shape and pattern offered by Fenton is pictured here. Some pieces are made in several colors. We do not show every item in every color. The price list or the order blank will list every item and the colors made. Please refer to the color code on this page.

The complete Fenton line can be seen in all its attractive colors at your nearest Fenton showroom listed on the opposite page.

IT CAN BE SEEN AT MOST REGIONAL SHOWS.

## EASIER RECEIVING AND PRICING

The ware number, color code, and description are shown on the price list and on the invoice. Each box is marked with a pressure sensitive label showing the Fenton ware number, color code and suggested EASTERN retail price. If you wish, as you unpack each piece, the pressure sensitive label can be taken from the box and stuck to the ware. It is then properly priced.

(NOTE: Accounts located west of the Rockies should only use this label to identify and check in the shipment. Refer to the Western Retail Price List for the suggested retail price of each item.)

**ROUTING OF SHIPMENTS**—Unless otherwise specified by you, all shipments will be routed the best way available.

**CLAIMS FOR DAMAGE IN TRANSIT**—All of our shipments are carefully packed by experienced packers in strict accordance with packing methods approved by the various carriers. Should there be breakage or loss in transit, the carrier is liable, and neither you nor The Fenton Art Glass Company is required to suffer a loss. It is necessary, however, that you report such damage to the carrier and request an inspection report from them showing the extent of the loss. This inspection report becomes the basis for your claim which should be filed promptly. If you require assistance in filing the claim we will be glad to help you.

Should there be damage in a Parcel Post shipment, it is advisable to report the damage to your local postmaster, but do not file the claim. Send a detailed description of the damaged merchandise along with our invoice number. Upon receipt of this information, we will arrange to replace the damaged merchandise and will handle the claim for the replacement cost.

**DISCONTINUED ITEMS**—Please do not include in your order any items which do not appear on our current price list and order blank. We frequently drop less popular pieces to make room for new items in our various lines. Numbers which have been discontinued are then no longer available, and cannot be shipped.

# REPRESENTATIVES

*around  
1963*

..... In Williamstown, West Virginia  
right across the Ohio River from Marietta, Ohio.

We'll introduce you to the men who make Fenton glass; they'll take you with them through the ancient processes which turn glowing, living gobs of liquid glass into the things of beauty you see displayed in this catalog.

We promise you, you'll be as fascinated by the art of fine glass making as we are. And you'll be as enthusiastic about the product, too.

So, stop in. The map shows you where we are.
