*Golden Pine Cones*

Martha Reynolds has designed a totally new look for Fenton in 1994. Look closely at the raised gold edges on the burgundy ribbon. Each piece is carefully crafted in ivory satin glass, handpainted, fired, painted with gold and fired a second time. The colors match the rich burgundy and golds for Christmas 1994.

These lovely stylized angels were so successful in 1993 that we've added a gold halo and two more colors to the collection. Each is handmade and satin finished before being decorated. Three of the colors have crushed glass added to the wings for texture and sparkle. Artistic and unique.
