# RUBY

Rich, Warm, Beautiful. Ruby requires an extra firing to coax the deep gem color from its depths. When a piece is first made it is a golden color called amberina. It is then reheated or struck (as we call it in glassmaking terms) and the ruby color appears. Traditionally a top-seller, it's also perfect for Christmas, as well as 40th anniversaries.

## THE AMERICAN CHRISTMAS TREE

"Partridges in a Pine Tree" . . .  
And in four colors too! Precious little partridges are covered in 22k gold and nestled into the snowy branches of handmade Christmas trees.

Each Christmas Tree is given snowy accents by hand applying crushed glass and paint. Add the musical base which carries an 18 note Sankyo movement playing "O Christmas Tree" and the equally nice wood lighted base for a very special gift.

# II HEAVENLY ANGELS

C7

Fenton has expanded on the popular Heavenly Angels grouping by introducing the new handpainted "Iced Berry." The wings on the other three colors have been accented with paint and finely ground glass (ice) for texture and sparkle. The smaller angels are adorned with a charming gold chickadee. Always a must at Christmas, angels are perennial favorites.
