the Legend of the Secret Slipper

Knights of yore returned from the crusades bearing wonderful gifts for their loved ones. Highly valued among these were the beautifully decorated "Secret Slippers" with their long and pointed pointed toes. Because the slippers had magical powers to ward off evil and bring great happiness, they were given as tokens of the highest esteem to very special people. Secret Slippers also spread through the land as handpainted glass slippers. In the legend of long ago returned to every child of wonder, when glassmakers follow a tradition of quality, a knowledge in every slipper is passed.
