## *A Family Tradition Since 1905*

Glass is a magical substance, caught somewhere in time between a solid and a liquid. It is a demanding substance, requiring both confidence and abundant respect.

To tame the fire has long been a challenge for man, and the skillful creation of art from glass may well be the most beautiful proof of accomplishing that dream.

The Fenton Art Glass Company has been living this dream for a century, remaining true to times gone by, when quality and beauty were works of a man's hands, and "faster" wasn't the only way.

*Come to Fenton, where we've tamed the fire  
- beautifully.*
