Handcrafted American Glass Artistry

a Fenton Moment

Handpainted keepsakes to celebrate those special spring gift giving occasions. Both vibrant patterns were designed by Stacy Williams to capture the fun and excitement of spring. A pretty bonnet is handpainted in a polka dot and floral design featuring a whimsical green ladybug adorned with a pink Swarovski crystal. The playful Cat Trinket

Box has been decorated in a sweet calico underneath a beribboned orange tiger cat.

Remembering shared treasures, sculptor Suzi Whitaker designed the new Treasure Box in the form of a playful cat perched upon an ottoman, ready to play. Cute yet functional, the cat's tail serves as ringholder while the ottoman stores tiny treasures.
