## Burmese Poppies Vase

Fenton Burmese glass has been a collector favorite since its introduction more than three decades ago. With the characteristic soft yellow tone and pink blush of Burmese for her canvas, decorating designer Frances Burton has created a splendid floral motif. The handpainted poppies seem to come to life on this stately 10" tall vase. Each vase is signed by the talented artist who completed it.

Blown in a cast iron mould by Fenton's skilled glass makers, the vase must be carefully reheated to coax the soft pink blush to develop at the top. Limited to just 225 individually numbered pieces, this vase is available only through Fenton "Silver" Showcase Dealers.
