

Ruby Sunflowers

Remember when hat, purse and shoes just had to "match" to be the absolute height of fashion? In response to many collector requests for an accessory set of this kind, Stacy Williams created handpainted gold sunflowers on our Ruby glass and embellished the look further with a Swarovski gemstone. These three very special items come as a "matched numbered set," each piece bearing the same individual number. **Limited to 750 numbered sets.**

Dave Fetty Feathers

Master glass artisan Dave Fetty unveils his latest innovation! Using pure Milk Glass, he has developed an entirely new technique to "feather" rich glass color combinations into the surface. We call it *Feathers* and think it will really tickle Dave's many fans! **Limited to 850 numbered pieces and embossed with Dave's personal stamp.**

Heart Optic

Ruby Opalescent is a recent addition to Fenton's palette of glass colors. We're simply delighted to offer it with our popular Heart Optic for the very first time. What a great gift for one you love ... on Valentine's Day ... or any time!
Limited to sales through 3/31/07.

Bottle, 6"

When we decided to use our popular Aubergine for this year's Mary Gregory, our design team was enthusiastic. Award-winner Robin Spindler created the "Shootin' Marbles" scene for the tall basket. Stacy Williams extends her fondness for this style with "Twinkle, Twinkle," "Hold Still" and "Little Mommy."

Our highly-detailed Mary Gregory demands great skill, and the paints used by our decorators are the consistency of marshmallow cream. The talented Fenton artists who do this work deserve our highest praise.

Valentine's Day

Honor your valentine with this Fenton classic ... a heart-shaped relish modeled after those we first made a half-century ago. Kim Barley's handpainted Vining Heart decoration graces the Rosalene piece and her Petite Violets look perfect on Silver Crest.

2007 ALSA Exclusive Heart Relish. ALS (Lou Gehrig's disease) has impacted the lives of loved ones in the Fenton family. Amyotrophic lateral sclerosis (ALS) is a progressive neuro-degenerative disease that attacks nerve cells and pathways in the brain and spinal cord. The ALS Association funds research into the causes of and treatments for ALS; a portion of the proceeds from the sale of each Rosalene Heart relish will be donated to the ALSA.

Madras Pink

This warm hue is the newest addition to the family of Fenton pinks, which began in the 1920s and continues today. An expensive rare-earth element called Erbium, exported from Sweden, is the secret behind this lovely color.
