

Own a Wood County
LIMITED EDITION
Fenton Mosaic Vase

Only 150 of these stunning 9 3/4" vases will be handcrafted by master glass artisan Dave Fetty - individually numbered and offered for sale to the public.

Truly One of a Kind

The Wood County Commission and Fenton Art Glass Company have teamed up for the creation of this unique limited edition mosaic glass vase. Only 150 of the multicolored pieces will be produced – each handmade by master glass artisan Dave Fetty.

An inner layer of crystal glass is covered with vivid ruby before being rolled in a mixture of colored crushed glass called "frit" and a thread of ruby glass is applied before the vase is blown into its final shape. Each of the 150 vases will be individually numbered and a DVD showing the entire process will be included with purchase.

For the Commission, it is a way of having something meaningful for the county to present to visiting officials, and also to offer to the public.
